**NOTICE TO ALL PRESCRIBERS ACCESSING THE  
WV CONTROLLED SUBSTANCE MONITORING PROGRAM**

---

- A major upgrade to the Controlled Substance Monitoring Program (CSMP) is scheduled to be implemented July 1, 2013.
- You must re-register to have access to the new system. Instructions for re-registering will be on the current website June 14<sup>th</sup> through the 30th.
- During the re-registering process, the prescriber will establish a Master Account. You may add delegates (support staff members) to your account. Each delegate will have their own access.
- In the new system, the password reset requirement will be every 90 days.
